CHARACTER PROFILE CARDS

CHARACTER A

Age: 35

Overall health: Generally pretty healthy, likes to see a doctor once a year for a wellness visit and also whenever they are actually sick.

Family: They have a spouse and 2 children so they are looking for a family plan. One child has a chronic condition that requires staying in a hospital at least once a year.

Additional needs: Character A has been having more trouble with their teeth and has not seen a dentist in 2 years.

CHARACTER B

Age: 19

Overall health: Character B is very active and involved in a lot of sports. They have broken some bones and twisted ankles while playing. They also have asthma which makes some sports difficult to play in some conditions.

Family: They have no children but still live at home with parents.

Additional needs: Character B has had trouble seeing and has not been able to take time to see an eye doctor.
