

## Student Activity

# Problem-to-Opportunity Challenge

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## Part 1: Problem Hunt-to-Opportunity Challenge

Group Members: \_\_\_\_\_

List three everyday problems students might experience.

| Problem | Who experiences it? | Why does it matter? |
|---------|---------------------|---------------------|
| 1.      |                     |                     |
| 2.      |                     |                     |
| 3.      |                     |                     |

## Part 2: Choose One Problem

Our group's chosen problem is:

People who experience this problem are:

This problem matters because:

People currently deal with this problem by:

### Part 3: Class Problem Check

Ask classmates if they have experienced this problem.

Question we asked:

| Number of classmates asked | Number who said YES | Number who said NO |
|----------------------------|---------------------|--------------------|
|                            |                     |                    |

Based on our results, this problem is:

☐ Not very common

☐ Somewhat common

☐ Very common

Evidence:

### Part 4: Solution Sprint

Brainstorm possible solutions.

| Solution Idea | Type of Solution (circle one)                     | How would it help? |
|---------------|---------------------------------------------------|--------------------|
| 1.            | Product / Service / System / Digital Tool / Other |                    |

|    |                                                   |  |
|----|---------------------------------------------------|--|
|    |                                                   |  |
| 2. | Product / Service / System / Digital Tool / Other |  |
| 3. | Product / Service / System / Digital Tool / Other |  |
| 4. | Product / Service / System / Digital Tool / Other |  |

## Part 5: Class Solution Poll

Our three solution options were:

| Solution    | Number of class votes |
|-------------|-----------------------|
| Solution 1: |                       |
| Solution 2: |                       |
| Solution 3: |                       |

The most popular solution was:

This solution may be the strongest opportunity because:

One thing we learned from the class poll was:

## Entrepreneurial Skills Reflection

Check the entrepreneurial skills your group used today.

- ☐ Observe — We noticed a real problem.
- ☐ Analyze — We studied feedback or results.
- ☐ Solve — We created possible solutions.
- ☐ Collaborate — We worked with others.
- ☐ Take Action — We tested our idea with classmates.
- ☐ Adapt — We changed or improved our thinking.
- ☐ Plan — We thought about next steps.
- ☐ Take Risks — We shared an idea without knowing how others would respond.

Choose one skill and explain how your group used it:

## Final Reflection

Complete the sentence:

Our idea creates value because it helps people who...

One thing I learned about entrepreneurship today is...
